

INLET COVE POOL RULES

The pool will be opened with the following requirements related to capacity, use, and sanitation:

1. Pool hours would be 10:00am-6:00pm. To limit the exposure risk, only the entrance near bike parking will be open.
2. Each owner, guest, and renter must provide a signed waiver to Poston & Co. It is the owner's responsibility to make sure that their property manager and/or rental guests have received the waiver and understand the guidelines.
3. No use of Inlet Cove chairs will be allowed. Attendees can bring their own chairs if they wish.
4. There are two hand sanitizer stations. Please use accordingly.
5. Read and follow all pool rules and posted guidelines.
6. If social distancing guidelines are not being followed, the Inlet Cove Board will close the pool ***immediately without notice***.

The following guidelines are highly encouraged for your safety and the safety of others:

1. If you are feeling unwell, please remain quarantined and refrain from visiting the pool.
2. Wash your hands before visiting the pool.
3. Consider wearing personal protective equipment (e.g. gloves, face mask, etc.).
4. Sanitize your hands immediately upon entering the pool.
5. Practice social distancing (6 ft. apart at all times) and encourage children to do the same.
6. Sanitize your personal chair after use.
7. Cough and sneeze into your elbow and at an appropriate distance from others.
8. Wash your hands after each visit to the restroom.
9. The water fountain must remain ON as required by DHEC. Please consider not using the fountain and bringing your own water bottle.
10. Entering the pool area and/or using the pool is completely voluntary and at your own risk.

Use of the pool will be an honor system and will require cooperation from every owner. If Meadows Pools finds that the capacity limit is being exceeded and/or those in attendance are not abiding by the posted guidelines, they will not service the pool that day and will recommend to the board that the pool be closed until further notice.
